Valley of Shadows

Book 5 of the Lonely Island Series by Maggie Alder

Even a community on a small island can face threats and conflict – not just threats of an ever-changing climate and inevitable disagreements – but also, the menace created when a less-than-benign government seeks to impose an unwelcome, and probably unworkable, project on the local people.

Other books in this Series:

Dark Waters (Book 1)

Marigold's Tale (Book 2)

The Reclamation of Jarvis (Book 3)
