

# Executive Secretary for Quakers in London (QiL)

Area meeting

## Help shape the future of Quakerism in London

*London based, full-time, and continuing contract.*

*To start in August/September 2026.*

Following several years of consultation, discernment and planning, the seven London area meetings and London Quakers Property Trust are merging into one Area Meeting and charity at the end of 2026.

Much has already been carefully thought through and agreed, but this exciting role will help shape the practical details of how QiL will work, managing LQPT during its last months, and helping ensure the success of QiL.

You will build a staff team from some current LQPT staff, staff of the old AMs, and new appointments.

You will need to combine strategic judgement with practical delivery. You will need to be able to work with complexity, support Quakers in London and its trustees and Quaker committees well, bring people with you, and balance continuity with change: respecting the history and identity of existing communities while helping to build something new at a London-wide level.

**Find the application pack on the Quakers in London website:**
