FRIENDS FELLOWSHIP OF HEALING

Visit our stall at the Groups Fair on Saturday 2nd May.

The Fellowship seeks to be a channel to help people towards health and harmony of mind, body and spirit which it believes is beneficial for all. We publish a magazine Towards Wholeness twice a year. Online, we host speakers and hold regular discussions, meditations and healing circles that offer prayerful support. Many local meetings have a healing group or contact connected to FFH. We have a range of publications.

Contact us via **ffhclerk@gmail.com**
or our Website **www.quaker-healing.org.uk**

We will be sharing it with Claridge House and the Quaker Fellowship for Afterlife Studies.

Claridge House is a Quaker Retreat Centre in Surrey which offers personal retreats and courses for well-being, rest and renewal. It is open to all, regardless of religion or none.
