

TOYBOX

Changing the world
for street children

ALL SHE WANTS FOR CHRISTMAS IS A NAME

Please would you help register a child?

We estimate that as many as 700,000 children in Guatemala do not have a birth certificate. They have no official identity and are known simply as 'the XXX children'.

If you are an 'XXX child' in Guatemala, you are not seen as a human being. You cannot see a doctor when you're sick. You cannot sit your exams or advance at school. You cannot get a job, earn your own income or even get married.

As they don't officially exist, these so-called 'XXX children' are prey to the most unspeakable exploitation and abuse. Nobody takes responsibility for them.

Nobody seems to care.

Toybox is a small British charity dedicated to helping vulnerable children like these. With your support, we can change their lives. **Please will you give £32 today to help register a child? You will give that child their dignity and a future.**
