COULD YOU OFFER SERVICE TO WOODBROOKE?

This is an exciting time for Woodbrooke as we continue and develop our ministry and mission to:

'Teach each other, and those who wish to join us, what it is to be Quaker'*

We are seeking those with enthusiasm and an interest in Quaker learning to join our Board of Trustees as we aim to extend our reach and focus on providing learning, research, worship and community.

WHAT'S INVOLVED?

Trustees discern the vision and overall strategic direction. We ensure that our resources, including finances, are managed responsibly. Trustees also hold ultimate responsibility for organisational policies and the employment of staff.

We have a vibrant group of trustees bringing a wide range of skills and experience. The board meets four times a year, with a mixture of online and in person meetings.

WE ARE SEEKING TRUSTEES

Woodbrooke is now primarily an online educational provider and we are particularly seeking trustees with an understanding of the role of technology in enhancing teaching and learning. This will enable us to oversee our effectiveness in digital teaching practices; learner analytics; and the technologies which can support our educational mission.

We would particularly welcome Friends from diverse backgrounds and those with experience of a variety of learning organisations.

If you want to know more about what's involved and to offer service, either now or in the future, then we would love to hear from you.
